As clinical, fundraising and internal human resources information is collected for entirely different purposes, we do not pass information between the different systems in order to protect your confidentiality **unless you have given consent for us to do so**. Where Next of Kin or family details are provided within the care services, this information will not be passed to fundraising without consent. However information is passed onto our Family Support Team

when a patient dies to enable an offer of Family Support to be made directly to a patient's loved ones. Within this statement there are details of how relatives and Next of Kin can keep in touch via our newsletter.

If relatives or Next of Kin would like to sign up to receive our newsletter they can also contact Fundraising at any time or sign up online.

Tynedale Hospice at Home Privacy Statement

Registered charity no: 1034170

Registered address: 1 Legion House, Beaufront Park, Anick Road, Hexham, Northumberland, NE46 4TU

In addition to the information you provide, Fundraising may use online platforms such as Facebook and LinkedIn in order to gather available information about you where relevant. Any information we are given, or gather about you which is in the public domain, will help us tailor the information we send you to your needs to ensure it is as relevant to you as possible.

If you tell us your status, here is how we will use this information:

If you tell us you are a staff member: We will stop sending printed paper copies of information to your home address and ask that you pick up a newsletter from display points around the Hospice, one of our shops or through internal emails instead. This will help us save money on printing and postage.

If you tell us you are a volunteer: We would like to continue to communicate with you with more relevant information to you such as updates, volunteer opportunities and fundraising, as we know so many volunteers not only give their valued time but also support us in our fundraising and for that we are truly grateful. If you are worried about postage costs and have an email address, we can send a lot of this information to you via email, which will allow us to keep in touch with you without the printing and postage costs. However in order to email you we would need you to stipulate you are happy to receive emails from us.

If you tell us you are a patient or client: As you are currently receiving support and care from us, if you tell us you are a patient or client, unless you opt out, we will continue to send you the newsletter to keep you up to date with our activities, but will not send you any direct requests to help fund our service. **If you choose not to divulge this information we completely understand but please note that if we do not know you are a patient or client, you may receive requests from us for funds in future and we apologise if this causes you any distress.** Please know this is not our intention. If you do not wish us to know your status please tick the "Prefer Not to Say" option and we will continue to communicate with you as we would any other supporter.

If you tell us you are Next of Kin, or a friend or relative of a current or previous patient: If we have this information within Fundraising this will help us send information to you about service updates and fundraising opportunities we have specifically for people who would like to help in memory of a loved one. Many people choose to fundraise in memory and find it a positive way of helping them to come to terms with the death of their loved one, but there is absolutely no obligation to do this and we understand if you wish to opt out and no longer receive information from us. If you do not wish us to know your status please tick the "Prefer Not to Say" option and we will continue to communicate with you as we would other supporters.

Emails and Texts

Finally, under the Data Protection Act 1998, we cannot send marketing information to you via text or email without your specific consent to use these channels, even if you've supplied your email address or mobile number to us in the past.

Mail and telephone marketing

It is not a legal requirement that we obtain explicit consent to contact you with marketing information via traditional mail or over the telephone if you have supplied us with your contact details and assuming we are contacting you about something which is relevant to how you've contacted us or supported us in the past.

However you can opt out of receiving marketing from us via these channels at any time by emailing fundraising@tynedalehospice.com or calling 01434 600388.
